'Lib' Movement Wins In House

Michigan Congresswoman Carried The Ball

By JOHN W. BECKLER
Associated Press Writer

WASHINGTON (AP) — After 47 years of collecting dust, a constitutional amendment to give women equal rights under the law finally came up for a vote in the House today. Approval seemed assured.

Spurred by a congresswoman from Michigan, backers say the times are ripe. The measure is aimed at striking various federal and state statutes that discriminate on the basis of sex.

Looming in the background, of course, was the organized scorn of Women's Liberation and other groups.

The Senate approved the amendment with the necessary two-thirds vote in 1950 and 1953. But the House had never considered it until today.

BACK TO SENATE

The Senate must approve it again this year if it passes the House and 38 states then must ratify the measure before it can become a part of the Constitution.

The amendment was brought to the floor under a rarely-used procedure that permits a majority of the House to take a bill away from a legislative committee and get it to a vote.

Rep. Martha W. Griffiths, D-Mich., engineered the strategy, getting 218 members to sign a petition taking the amendment out of the Judiciary Committee, which has failed to act on it since 1923.

The amendment declares that "equality of rights under the law shall not be denied or abridged by the United States or by any state on account of sex."

Some laws now on the books are intended to protect women against harmful working conditions, but others restrict their rights to employment, education, social security benefits and property ownership.

In man's view of the world, says Mrs. Griffiths, women are mothers, wives or widows and it is his duty to provide for them

and protect them.

MEN WELD VIEWS

Laws made and interpreted in this country almost exclusively by men for 180 years have welded these views into the statutory and case law of the country," she says.

Her prime target in pushing for the amendment is the U.S. Supreme Court, which, in her view, could strike down all laws discriminating against women on the basis of the equal protection clause of the 14th amendment.

But in a series of rulings going back to the turn of the century, the courts have held that the differences between men and women constitute reasonable grounds for passing

Air Crash Kills 49 U.S. Students

Fifty Others Die In Peru

LIMA, Peru (AP) — Forty-nine young American exchange students returning from the Inca ruins at Machu Picchu were reported killed Sunday in the crash of a Peruvian airliner, the Department of Civil Aviation said 99 of the 100 persons aboard died, making it Peru's worst air disaster.

Several other Americans were aboard in addition to the students spending the summer in Peru under the sponsorship of International Fellowship Inc. of Buffalo, N.Y. But their exact number was uncertain.

International Fellowship received from the State Department a list of 49 of its students 14 to 19 years old aboard the plane. But the airline, Lansa, issued a list of 54 Americans aboard which included three other teen-agers, a 21-year-old and our older tourists. The airline listed two of the students on International Fellowship's list as Peruvians, and it was thought some of those it listed as American might be Peruvian.

The airline said the Lockheed Electra carried 91 passengers and seven crew members, but later the Aviation Department said there were two more crew members aboard.

One man, the copilot, survived. He was found in the wreckage of the cockpit.

TOURING RUINS

Most of the passengers had flown to Cuzco, the ancient Inca capital 365 miles southeast of Lima, for an excursion to the Inca ruins at nearby Machu Picchu. After the day of sight-seeing, the plane had just taken off from Cuzco or Lima when one of its four turboprop engines failed and the pilot, Capt. Alejandro Catevari, requested permission to return to Cuzco.

The plane crashed into San Jeronimo Hill six miles south of the Cuzco airport and exploded, scattering bodies over a wide area.

Lansa officials said the airline

was sending a plane to Cuzco today to bring the bodies to Lima. International Fellowship said the students, among 400 Americans spending 45 days with Peruvian families, were accompanied by 14 Peruvian youngsters, including Marisel Bedoya Vivanco, 16, daughter of a former Lima mayor.

Officials said the tour was an optional part of the vacation program during which students participate in organized activities while staying with their host families. The company president, Mildred Brown of Buffalo, left today for Peru.

The student victims were from New York, New Jersey, Indiana, Ohio, Maine, Wisconsin, Georgia, Maryland, North Carolina, Illinois and Pennsylvania, the company said.

Peru's worst previous air crash occurred eight years ago

when 7 persons died in the crash of a Varig Airlines plane near Lima.

PERU PLANE CRASH

DISCUSS AIR TRAGEDY: Mrs. Mildred Brown, president of International Fellowship Inc., student-exchange service, and Herald P. Fahringer, a lawyer and company director, meet with newsmen early today in Buffalo, N.Y., to discuss Peruvian airliner crash in which 49 young people traveling under the firm's auspices were killed. Crash also took the lives of 50 other persons. (AP Wirephoto)

Narcotics Sold, Used In Open

Police Stay Outside As Youths Cavort

JACKSON, Mich. (AP)—Saying he was "outraged," Michigan Gov. William Milliken today moved to prevent a recurrence of the Goose Lake Rock Festival — a three-day event marked by open selling of drugs and nude bathing.

In Missouri, where he was attending a governors conference, Milliken said he has asked his legal advisor, Joseph Thibodeau, to help local officials in their drive to prevent a second festival, scheduled over Labor Day.

OWNER OUTRAGED

However, Richard Songer, 35, Farmington construction executive who owns the park, said he was "as outraged as Milliken regarding the open sale of drugs, but I handled the problem as I was instructed to do by the Jackson County Sheriff's Office."

However, Jackson County Sheriff Charles H. Southworth said he had not instructed Songer on "how to do anything" at the festival.

Songer says he is convinced he doesn't need a permit to hold any such events. "It was one of the most gleeful weekends ever held in the country," Sheriff officials were not immediately available for comment.

Meanwhile, young people headed home today after being admonished by Skip Van Winkle, master of ceremonies, to "leave their dope behind."

Up to 200,000 persons set up their own tent nation for the event, separated from the outside world by huge barbed wire fences.

Sheriff's deputies patrolled the outskirts of the camp, but let youths cavort at will inside. Jackson County Sheriff Charles Southworth said he did not want to invade the private park because it could have set off serious troubles. However, authorities arrested more than 130 youths outside the 300 acres of sprawling woods, hills and water. Most were booked on narcotics charges.

After Jethro Tull and his group completed their frenetic performance near midnight Sunday, the master of ceremonies told the group "it might be good to stay until the 'heat' dies out outside." Many took his advice and remained overnight.

State Police and local authorities watched closely as cars streamed out of the park, seven miles east of Jackson.

At a governor's conference at Lake of the Ozarks, Mo., Milliken said he was asking State Police Director Fredrick Davids to "insure that evidence is carefully collected and documented so that drug pushers can be

ROCK FESTIVAL MARRIAGE: Brenda Reager, 18, of Taylor, and Tom Mathis, 22, of Detroit were married Sunday to the tune of a rock group at the Goose Lake rock festival just east of Jackson, Mich. The young couple spent their first honeymoon night on the grounds. (AP Wirephoto)

'All-American' Wedding Held

Young Pair Begin Marriage At Rock Festival

JACKSON (AP) — There was a red, white and blue wedding at the Goose Lake Rock festival Sunday.

"We are voluntarily agreed to form a marital partnership for our mutual benefit," said Tom Mathis, 22, of Detroit, to his bride, Brenda Reager, 18, of Taylor, as they exchanged vows in the specially written ceremony.

Both clad in stars and stripes of American flag costumes they designed themselves, the two were married by a Presbyterian minister to the accompaniment of music from a rock group named "Tea Garden and Van Winkle."

A sizeable portion of the estimated 200,000 youths attending the three-day festival watched the ceremony.

Brenda, a lithe blond, said they wanted and got an American wedding. She said they wanted a large wedding but couldn't afford it. So, arrangements were made for the rock festival nuptials. Although their

parents were not present, the couple said they had agreement from them to be married.

The couple remained in the camp for their wedding night.

In the ceremony, the couple gave alternating responses, saying: "We are human beings, and will grow and change with age and circumstances...."

"HONEST, OPEN"

"Neither of us is perfect. We are not afraid of being fallible and therefore we will be honest and open with each other, and reveal ourselves and our changes or failures...."

"We will disclose the hidden things when they unexpectedly merge from the unconscious or from the forgotten past...."

"If what happens is joyful, we will treasure this good fortune... But if events are painful or harmful, we will adjust and accept the change, through love."

BEE-ARDED: Raymond Presnell, 61, of Banner Elk, N.C., was the center of attraction at the annual meeting of the North Carolina Beekeepers Association Saturday at Banner Elk, N.C. To form the beard, Presnell took the queen bee from a hive and placed her in a tiny box on a cord around his neck. Then he poured hundreds of bees from the hive on his face and shaped them into a beard with his hands. "Do they sting," he was asked. Presnell replied, "No, but they sure get itchy." (AP Wirephoto)

Uruguayan Rebels Kill American

Two Other Envoys Held Captive

DANIEL A. MITRIONE
American Executed

MONTEVIDEO, Uruguay (AP) — The Tupamaro guerrillas executed American police expert Daniel A. Mitrione during the night because the Uruguayan government refused to release an estimated 150 political prisoners as ransom for him and two other kidnapped foreign officials.

Mitrione's body was found bound and gagged in a bloodstained car parked on a city street. He had been shot twice in the head. A bandage covered the chest wound he suffered

when he was kidnaped July 31 while driving to work.

Police sealed off the area, removed the body from the car and declined to say where they had taken it. They refused to give official confirmation that it was Mitrione's, but police officials told newsmen there was little or no doubt.

Unconfirmed reports circulated that a second body had been found, but the police said nothing.

The abandoned car was found at an intersection about four

miles from the center of the city. People living near the intersection said they had not heard shots or cars roaring off. This indicated that the Tupamaros had killed Mitrione, driven the body to the intersection and left the area on foot.

The car had been stolen Sunday. It was stained with blood.

Shortly after the body was found, police declared the intersection a military zone and prohibited newsmen and photographers from coming near the car.

Mitrione apparently was killed more than 12 hours after the Sunday noon deadline set by the Tupamaros for his execution. They had said they would kill him because President Jorge Pacheco Areco refused to free an estimated 150 political prisoners as ransom for Mitrione and two other foreigners kidnapped by the leftist guerrilla organization.

The Tupamaros have said nothing about what they plan to do with their other captives—

Local Contractor Comes To Marina's Rescue

Dwight (Curly) Holland and his spouse - business partner, Marie, rate a medal for helping to break the logjam toward expanding St. Joseph's overtaxed boating facilities.

The St. Joseph contractor, to whom we turned to build an extensive addition on our sister city production plant, last week gave the city 11 acres of riverfront land at the Hickory Creek inlet for marina purposes.

The next step is to pry loose the construction money, something over \$700,000.

The Michigan Waterways Commission has the authority to put in half the sum under a matching fund formula. The city would have to produce the balance. The local contribution would be in work performed by the municipal public works department and the issuance of a revenue bond issue.

The Hollands' gracious assistance should dissolve a site location argument and a construction problem which has kept the new marina tied in red tape for months.

The original proposal spotted the marina in Tiscornia Park, the stretch of city owned beach from the North Pier to the St. Joseph River Yacht Club's northerly property line.

This would involve punching a hole in the North Pier and then trenching out most of the beach area. Presumably the plan would require releveling the artificial bay to protect it from Lake Michigan's rampages and to keep sand from constantly filling in the berthing area.

It was estimated some 60 boats could be accommodated.

The plan appealed to us as a Mickey Mouse engineering scheme costing a mint of money and not solving much of anything.

The Unquiet Frontier

The Sino-Soviet border dispute is heating up again in a manner that suggests the possibility of armed clashes before the summer ends. Red China charged on July 31 that the Soviet Union "greedily eyes Chinese territory" and "has not for a single day relaxed its preparations to attack China."

Peking may have been stirred up by evidence that the Soviet Union is embarking on a policy of "island reclamation" in Far Eastern rivers bordering China. Western diplomats reportedly can't help wondering why the Kremlin would choose such a sensitive area for agricultural expansion. The new posturing is the more surprising since the two Communist powers recently completed the preliminaries to their first exchange of ambassadors in four years.

Western analysts say Russia's build-up along the 4,200-mile border has long since passed the point of mere ability to defend itself. The Wall Street Journal also reports that Russian spending on Chinese border defense is up 12 per cent this year, compared to a one per cent increase in total military outlays. The Chinese also have been reinforcing their military units along the frontier, increasing strength to as many as two million men.

The uneasiness prevailing along a boundary that extends from the Pacific Ocean to the Pamir Mountains is nothing new. Running from Manchuria on the Pacific to Mongolia and Sinkiang, the frontier has been the scene of a century long hot and cold war

A number of Edgewater residents understandably objected to it as a threat to their privacy.

The Army Engineers axed the suggestion because of navigational difficulties a hole in the North Pier might create.

The Holland site has the advantage of more than doubling the capacity projected for the Tiscornia beach area and probably would cost only a fraction of the amount estimated for the first proposal.

The \$700,000 mentioned above is the estimate put on the Tiscornia beach plan. It would seem that the riverfront site could be developed for considerably less.

Some years ago before the city had much of anything that could be called a marina, John Stubblefield, the St. Joseph banker, suggested a site adjacent to the Berrien Hills Country Club.

As we recall, he went further by proposing that the Yacht Club and the Country Club, both of which were then about one degree to the right of insolvency, merge their resources.

The boaters, specially the sailing portion of the fraternity, killed the thought. Upriver was derided as being off the map and the Napier bridge was pointed out as a barrier to high masted craft.

We felt then that Stubblefield's idea had everything going for it and that the objections to it were the usual smokescreens thrown up whenever somebody doesn't want to follow a certain course.

Curly is repeating the Stubblefield logic. In fact he reinforces it by removing one initial cost for the marina - its site acquisition.

The Hickory Creek location is a bargain for the boaters.

between China and Russia. Czarist Russia developed an interest in the area as it pushed its frontiers eastward. The border created with the Chinese Empire was artificial, dividing similar peoples from each other.

For a century, the primary aim of Russian policy in Central Asia has been to assure a sound geographic frontier against the day when it might be forced to confront a consolidated Chinese power at short range. When China was weak, the Russians pinched off territory by outright conquest or by what the Chinese claim are "unequal treaties." When China was strong they retreated, often backing a series of warlords.

After the Chinese Communists came to power in 1949, both Peking and Moscow referred to their common border as a "frontier of friendship between brotherly socialist countries." Over the next dozen years, sporadic fighting broke out in Sinkiang, China's largest and least Chinese province, between the Chinese and the native population. Peking accused the Russians of having inspired wide-spread rioting which took place on May 29, 1962, and ordered Soviet consulates in the province closed.

The final break came on March 8, 1963. In a lengthy editorial in People's Daily, official organ of the Chinese Communist party, China revived claims to one million square miles of territory held by the Russians. They charged the land had been taken through "unequal treaties" and demanded its return.

Since then, periodic armed conflict has flared. The bloodiest clashes occurred 17 months ago along the Ussuri River that serves as China and Russia's eastern boundary. Rumors of a possible preventive war circulated as border talks that began in June, 1969 bogged down.

The London Economist views the recent agreement to exchange ambassadors as a concession by Peking. The Russians wanted to start the talks by normalizing their long frozen relations including the exchange of envoys. The Chinese initially insisted that the resolution of the border question come first. Even though some of the heat may have gone out of the conflict, relations remain cool enough to make the suspicious powers tighten their frontier watches.

BUY HOTEL

—50 Years Ago—
Rumors say that the Stevensville hotel has been purchased by Chicago parties. It will be remodeled into an up-to-date hostelry. A dancing pavilion and bowling alley also will be erected, according to the report.

BRIDGE OUT

—60 Years Ago—
The cracking of a span in the interurban bridge across Hickory Creek put the bridge out of commission today and it is necessary to transfer passengers at that point. The bridge will be back in use again tomorrow.

MORE REMODELING

—80 Years Ago—
H. E. Bucklan will still further enlarge his hotel Whitcomb during the fall and winter. The vacant ground east of the building on Ship street, is to be filled in with a big four-story addition on which work will be in progress by Oct. 1.

THE FAMILY LAWYER

Job Hazard

Near the end of her lunch hour, a stenographer sat down in the company lounge to put on lipstick. But she lost her balance and fell, suffering a back injury. Could she collect workmen's compensation?

The company insists that the girl was not entitled to compensation because she was not "on the job" when hurt. Nevertheless, a court upheld her claim.

RELATED TO WORK
"Applying cosmetics was not an abandonment of her employment," said the judge. "It added to her comfort and self-esteem, and thereby permitted her to more efficiently concentrate upon her duties."

Generally speaking, workmen's compensation covers injuries that occur not only during the work itself but also during other activities closely related to the job. For example, it applies while an employee is getting a drink of water or going to the lavatory.

In fact, workmen's compensation may apply even before the day's work has begun. Take this case:

A hotel waitress, arriving early, headed first for the powder room to change into working shoes. On the way, she slipped and broke her arm. Even though she had not yet been on the job, she was held entitled to workmen's compensation — because changing her shoes was so closely related to her work.

TIGHT WINDOW
However, the law usually will not approve a compensation claim if the victim's activity was in violation of company rules and regulations.

In another case, a bakery worker was injured while trying to force open a tight window. He claimed later that the room had been stuffy, and that he needed some fresh air to help him work better.

However, there happened to be a company rule against anyone opening windows without the permission of the foreman. Accordingly, a court ruled that the claimant was not entitled to compensation. The court said he could not logically be considered "on the job" while doing something that his employer had specifically forbidden.

DR. COLEMAN

..And Speaking Of Your Health

ARE THERE any new ways to prevent the bed sores that we find so frequently in the elderly patients at our nursing home?

Miss C. S. C., Washington
Dear Miss C.: Pressure sores remain one of the severe threats to the health of all people confined to bed for a long period.

In a recent article, I pointed out that good nursing care, frequent changes of position, and lubrication of the skin are helpful in the prevention of these pressure sores.

I have just seen a remarkable device known as the Stryker Floatation Pad. It contains a highly elastic substance that adds a much needed safety factor to the problems of the bedridden.

The Stryker Pad can be used both in prevention and in part of the intensive care after surgery for the control of these ulcers.

The Floatation Pad can be used to protect the buttocks, the heels and the elbows, all areas subjected to weight and pressure in the bedridden and the wheel chair patient.

The pad is 16 inches square. It contains a special silicone gel, covered by a thin extremely elastic membrane. It protects bony areas of the body by acting as a thick layer of artificial fat tissue.

Preventive nursing care is the key to reducing these unnecessary complications of bedridden and wheel chair patients.

Do all people past the age of 50 have arthritis of the bone. Whether they do or not, I have it and wonder if this just keeps progressing.

Mrs. J. K. Idaho
Dear Mrs. K.: I assume that what you mean by "arthritis of the bone" is osteoarthritis. This is a disorder of joints which occurs frequently as we grow older. Actually, it is the result of mechanical pressure on the joints which takes place by the normal use of our limbs.

The condition is not a serious one, and only rarely is it disabling or crippling. It may take some of us a little longer to get the "cricks" out of our body after we have been in one position for too long.

It is suggested that people who are driving an automobile for a long period should get out and limber up their joints, their muscles, and increase their blood circulation.

Maintaining a good weight, gentle massage, and heat can bring relief from the discomfort of this type of arthritis. Some of the new medicines now available are remarkably effective in controlling the pain.

SPEAKING OF OUR HEALTH: The elderly or infirm should not lock themselves in the bathroom. A sign on the door, for modesty, is sufficient.

Dr. Coleman welcomes letters from readers, and while he cannot undertake to answer each one, he will use questions in his column whenever possible and when they are of general interest. Address your letters to Dr. Coleman in care of this newspaper.

BORN TODAY

Herbert Hoover's life was devoted to public service, climaxed by his membership in the exclusive club of presidents and commanders-in-chief of the United States.

He was a successful mining engineer and businessman.

He gained an international reputation during World War I when he served as chairman of the American Relief Committee, as chairman of the Commission for Relief in Belgium, and as U.S. Food Administrator.

As Secretary of Commerce from 1921 to 1928, he organized his department in order to make it serve business interests more efficiently.

It was his reputation for

excellence in public service that was one of the reasons the Republicans chose him as its presidential candidate in 1928. In the election, Hoover bested Al Smith, the Democratic candidate, and became the first Republican to crack the "Solid South" — a feat that another president, Richard Nixon, has done successfully.

Faced by the great depression of 1929 soon after he entered the White House, Hoover was reluctant to use the power of the federal government to revive the economy, though he created the Reconstruction Finance Corporation to extend loans to banks and other business enterprises.

Hoover stood for reelection in 1932, but that master vote getter, Franklin D. Roosevelt, defeated him.

From 1947 to 1949, Hoover headed a bipartisan commission to study ways of simplifying and improving the structure of the executive branch of the federal government — the famed "Hoover Report."

His books include "American Individualism," "The Challenge to Liberty," "Memoirs," and "The Ordeal of Woodrow Wilson."

Hoover died in 1964 at the age of 90.

Others born today include Norma Shearer, Jimmy Dean, Eddie Fisher and William Hoching.

TWO MEN KILLED IN BERRIEN ROAD MISHAPS

Swimmer 11th Victim In Berrien

Little Paw Paw
Claims Life Of
Coloma Man, 21

Harvey Noles, 21, of 163 North street, Coloma, drowned in Little Paw Paw lake off Johnson road, near Coloma, while swimming with relatives Sunday.

The drowning was the third in nine days in Berrien county and the 11th for the year.

Berrien county sheriff's marine patrol officers said Noles and two sisters were in the water when Noles went under and failed to surface. His body was recovered by Deputy George Fast in about 10 feet of water.

Lt. William Beilman, chief of the marine patrol, said the victim, and his sisters, Mrs. Peggy Rice and Betty Noles, had been at the lake for about three hours when the accident occurred.

Beilman said witnesses reported seeing Noles dive beneath the surface but not return.

Police, meanwhile, are still attempting to recover the body of Pete Morris, 69, of Chicago, who drowned in big Paw Paw Lake Thursday. Officers were dragging the lake when they were notified of the drowning at Little Paw Paw lake.

The first of the three drownings this month occurred Aug. 1

HARVEY NOLES

in the St. Joseph river in Sodus township. The body of the victim in that drowning was recovered Aug. 3.

The body was taken to the Davidson funeral home, Coloma, where arrangements were incomplete.

Mr. Noles was born in Blytheville, Ark., June 3, 1949, the son of Mr. and Mrs. Leroy Noles. He attended Coloma high school and was employed at Michigan Fruit Cannery, Riverside.

In addition to his parents, survivors include five brothers, Leroy, Gary, Bobby, Glenn and Timothy; four sisters, Betty, Penny and Louise, all at home and Mrs. James (Peggy) Rice of Benton Harbor; his great-grandparents, Mr. and Mrs. Marshall Noles of Osceola, Ark.; and his grandmother, Mrs. Bertha Morse of Elaine, Ark.

Friends may call at the funeral home after 7 p.m. today.

Hit-Run Driver Hunted

Farm Worker
Killed On Road
Near Eau Claire

Berrien county sheriff's officers said this morning they were continuing to hunt for the driver of a hit and run car which killed a pedestrian near Eau Claire Saturday night.

The victim was in the traveled portion of the highway when struck, the officers said, but it was not known whether he was walking, sitting or had fallen there.

The victim was identified as Willie Lofton, 48, Bushnell, Fla., who was reported to have been working on farms in the area. He suffered a fractured skull and crushed chest and was pronounced dead at the scene.

Officers said the accident occurred about 11 p.m. in the eastbound lane of M-140 near Bailey road, east of Eau Claire. A second car passed over the body before officers arrived but the driver was not held.

Occupants of another car, seen leaving the area about the time of the accident, were questioned and released. The car showed no signs of being involved in an accident, officers said.

Being sought is an old model Chevrolet. Authorities in Cass county had been alerted because of the possibility the car headed into their county after the accident. Witnesses reported seeing such a car leaving the area about the time of the accident.

Deputy Randy Arndt and Lt. Irwin Davis said the victim apparently was dragged about 140 feet after being hit. They said a pool of beer was found at the point of impact. An unopened can of beer was found in a nearby driveway.

The officers said a car driven by Mary Frisco, 34, Route 2, M-140, Eau Claire, apparently passed over the body after the initial accident. The driver indicated she had not seen the form in the road, the officers said.

The fatality was the 33rd in the county this year, compared to 31 at this time last year.

'Scary Night'

BH Officer Faces Gun, Keeps Cool

"It was was a scary night," was Benton Harbor Patrolman Harold Phillips' comment this morning after a touch-and-go experience last night. He was looking down the barrel of a .22 caliber pistol.

In answer to a complaint in the 600 block of Superior street shortly before midnight last night, Phillips found a woman holding the pistol a few inches from the head of a man seated in a car. The woman was standing by the car.

As Phillips stepped from the squad, car, the woman turned the gun towards him, he said.

The gun was pointed at the squad car door, which separated Phillips from the woman, identified as Virginia Coekrell, 24, of 112 Britain avenue.

Phillips said he also had his service revolver drawn, cocked and aimed at her. He would not have hesitated to use it had she raised the barrel of the gun above the door panel, he said.

Instead, he said he attempted to calm the woman who was apparently upset from a quarrel with a man identified as Ulysses Walker, 38, of 112 Britain avenue, Benton Harbor.

Phillips said he asked the woman to put the gun on the ground. Instead, she started walking towards him with the barrel level. Again, he ordered her to place the gun on the ground.

Phillips said he had talked the woman into lowering her gun, and Walker then got out of the car. The gun went up again and Phillips ordered Walker back into the car. The woman lowered the gun again and Phillips took it out of her hand.

Phillips arrested the woman on charges of assault with a deadly weapon, possession of a stolen gun and carrying a concealed weapon, a kitchen knife later found in her purse.

Phillips said the gun was reported stolen last November. The gun had one spent bullet in it. Prior to his arrival, Phillips said a shot had been fired through the door of Walker's car, striking the seat cushion.

No Other Word

Originally a trademark, the word "cellophane" was declared a generic term by court decree in 1941. It had proven so appropriate to the product that the courts declared that no other word could describe it.

OFFICER HAROLD PHILLIPS

TONIGHT

Plans For New High School On BH Agenda

The Benton Harbor board of education tonight is scheduled to act on a recommendation to proceed with planning for a new senior high school.

The proposal was shelved last month for further study. A school planning firm has suggested that Benton Harbor build a new senior high consisting of a cluster of four units attached to a central administrative and service center on a single campus.

The board also is slated to act on a recommendation from the superintendent for a series of public information meetings, first of which would be held Monday, Sept. 28.

Tonight's meeting is at 7:30 in Bierman library at senior high.

Watch Out; Here's Sign Of Winter!

Michigan literally floats on a sea of salt but that has not stopped Cargill, Inc. from shipping in 9,575 tons of deicing salt and stockpiling it on the Horon Redi-Mix dock along the St. Joseph river.

Cargill, Inc., a grain storage firm, brought the salt back in barges it uses to ship grain to Louisiana. Rather than bring the eight barges back empty they were filled with salt.

At Cargill's Chicago terminal the salt was transferred into the Robert C. Norton, a self-unloading vessel, which brought the salt here.

It's destined to go to area highway departments.

The salt originally came from Belle Isle, La.

Disturbance Closes Down Silver Beach

St. Joseph police closed down Silver Beach amusement park early Saturday night because of the rowdiness of several hundreds of youths from Gary, Ind. The park was closed at 10 p.m.

Police said the youths were jumping on rides without paying for them and were causing fights with other youths from the Twin Cities area. No injuries were reported.

DETROIT MAN DROWNS

MONROE (AP) — Albert Holland, a 55-year old Detroit man drowned in Lake Erie Sunday while swimming off a beach near Monroe.

A NEW HANDLE: Benton Harbor public school vehicles and other district signs are getting a new designation: "Benton Harbor Area Schools." Name was recommended by citizens advisory committee and approved by board of education to replace cumbersome School District of the City of Benton Har-

bor which might have fitted on a train but not a bus. Ben J. Mammola, district transportation director; Mrs. Truman Schrag and Mike Schrag inspect new label. Mrs. Schrag was chairman of the name change committee. (Staff photo)

Graduates Of BHHS Bring Back Olden Days At Alumni Banquet

The lustre of bygone years was rekindled Saturday night for 225 alumni of Benton Harbor's high school.

The occasion was the annual alumni banquet for persons who graduated at least 25 years ago. It was held at the Hilton Inn, M-139.

The by-gone years were recalled in a narration by State Rep. Ray C. Mittan, R-Benton Harbor, and in songs and poems by other alumni members.

Recognized as the golden class this year was the class of 1920. Some 33 of the graduates made reservations. Dubbed the "baby" was the class of 1945.

The oldest class represented was that of 1902. Graduates from as far away as California, Oregon and New York were among the 225.

Special recognition was given to Tom Millar for his efforts in nominating officers and helping

stage the annual event over the past years. He was presented a book on navigation.

Elected as new officers were Miss Mary Jane Cullinane, president; Rolf Lofblad, vice president; Shirley Garey, treasurer; Mrs. George Freiler, secretary; and Mrs. Ruth Corteville, mailing secretary.

Mr. and Mrs. Neil Forbes were co-presidents for this year's event.

With Mittan were Jim Berglund, master of ceremonies; Mrs. Minnie Schreiber Meyers and Jessie Morgan, both of the 1902 class; Bob Sill, class of 1958; Esther Hogue; Betty Leiby Hunt, class of 1940; Paul Flann; Helen Anderson; Joan Mallen; Franklin Wiltze and John Kinney.

Will Harmon's Dixielanders band provided music. Table decorations were provided by Mrs. Sheldon Radom.

GOLDEN ANNIVERSARY CLASS: A representative group of the 1920 graduating class from Benton Harbor high school pauses to view a notice from bygone years which was part of the decorations at the annual alumni banquet. The class was recognized as the "Golden Class" during the program held at Hil-

ton Inn, M-139. Left to right are Mrs. Helen Anderson, Roscoe Marrs, Mrs. Enid Burch, and Mr. and Mrs. Jean Landon Taylor. Mrs. Burch came from Cave Junction, Ore., to attend the function. The Taylors came from Palos Verdes Estates, Calif. (Staff photo)

Found At Burglary Scene

Court Paper Leads To Arrest

A time installment slip for court fines from the office of Fifth District Court Judge Harry A. Laity was found near the scene of a burglary this weekend and led to the arrest of Samuel Anderson, 30, of 320 Lincoln street, Benton Harbor.

Anderson was charged with the breaking and entering of OK Electric company, 243 Pipestone street. The arrest was made after Patrolman Robert Massengale found the time payment slip in front of the building.

ORDERED TO PAY

According to the slip, Anderson appeared before Judge Laity Aug. 6 and was sentenced to pay a fine and costs of \$70. Half of the court cost was due tomorrow and the remainder was due Aug. 18. None of the cost had been paid.

Anderson was taken into custody by Massengale and Officers John McCarley and Thomas Schadler.

Two witnesses told officers they heard glass breaking and saw a man running from the store front, carrying something

under his arm. A \$239 record player was found in Anderson's home, police said. A check of the store showed a record player was missing.

Three others were arrested on charges of breaking and entering over the weekend by Benton Harbor police as the result of two others break-ins.

Three were arrested in connection with the Saturday morning break-in at the office of Dr. Chester Zwissler at 505 East Empire avenue. Dr. Zwissler is a former Benton Harbor city commissioner.

The three were identified as Richard Story, 19, of 1188 Union street and Archie Reeves, 19, of 397 Pavone street, both of Benton Harbor, and Melvin Hall, 22, of 1485 Reeder street, Benton township.

SEEN LOADING CAR

Dets. James E. Ward and Sam

Watson said the arrest of the three in connection with the entry at Dr. Zwissler's office came after the department was informed three men had been seen loading articles into a car parked near the office.

Officer John Friese recalled that he had put an overnight parking ticket on a similar car early Saturday in the same place.

The trio was taken into custody about 12:15 p.m. at 1188 Union street. The break-in was discovered at 5 a.m. A \$100 adding machine, a \$149 typewriter, two clocks and several bags containing non-lethal drugs were recovered, police said.

One of the trio, identified as Reeves, escaped from a detaining cell at the city police station sometime after 4 p.m. but was recaptured by Ward a short time later.

Three Indiana persons arrested were identified as David Fuller, 22, and Gregory Vogel, 20, both of South Bend; and Linda Thalheimer, 21, of Elkhart.

They were arrested at 4 a.m. Sunday, troopers said. All will be arraigned in Fourth District court in Cassopolis today.

State police of the Niles post made the arrests. Troopers identified the Michigan youths as: Patti Bailey, 17, of 105 West High street, Dowagiac; Louise Ellison, 18, and Donna Maier, 21, both of 2104 McOmber street, Dowagiac; James Doly, 26, route 4, Cassopolis; and Lawrence Penwell, 21, 78 East River road, Buchanan.

Three Indiana persons arrested were identified as David Fuller, 22, and Gregory Vogel, 20, both of South Bend; and Linda Thalheimer, 21, of Elkhart.

They were arrested at 4 a.m. Sunday, troopers said. All will be arraigned in Fourth District court in Cassopolis today.

Auto Hits Train Near Bridgman

Rail Crossing
Not Marked
With Lights

BRIDGMAN — A 28-year-old rural Sawyer man was killed shortly after midnight Saturday when his car crashed into the side of a stopped train at a rural crossing north of Bridgman.

The victim was identified as Kenneth J. Wenger, route 1, Sawyer, by state police of the New Buffalo post. He was the 34th person to die this year in Berrien county traffic accidents.

The crash occurred at 12:20 a.m. Sunday at the Livingston road crossing over Chesapeake and Ohio tracks, a half mile east of Red Arrow highway.

Troopers William Jelier and Gary Rumpy said that the train, a Chesapeake and Ohio freight, was stopped on a siding to allow another train to pass.

They said the train was across the road. The engineer was not identified on the state police accident report.

The investigators said that the crossing is marked with a warning sign, but is not equipped with flasher lights.

Wenger was eastbound on Livingston road when he crashed into the side of the train, the report said. Troopers said the car struck at the slender space between two freight cars.

Wenger was pronounced dead at the accident scene by Dr. Joseph Rambo, deputy Berrien county medical examiner, of Bridgman.

The body was taken to Boyd funeral home, Bridgman.

He was born July 26, 1942, in St. Joseph.

Surviving are his widow, the former Linda Lynch, whom he married on July 17, 1967; four sons, Kenneth J. and Richard of Gary, Ind.; Troy and Shane both of Stevensville; his mother, Mrs. Leona Johnson of Bridgman and his father Kenneth Wenger of Dowagiac; a sister, Mrs. James (Bonnie) Richardson of Sawyer; grandparents, Mr. and Mrs. Samuel Wenger of Buchanan and Mr. and Mrs. Jay Decker of Bridgman.

Funeral services will be Tuesday at 2 p.m. in the Boyd funeral home, Bridgman. Dr. Herbert Weber, pastor of the Olivet Congregational church, will officiate. Burial will be in Graceland cemetery.

Friends may call at the funeral home after 7 p.m. this evening.

Friends may call at the funeral home after 7 p.m. this evening.

Festival Fans Held In Cass

DOWAGIAC — Eight young people returning from the Goose Lake music festival, five of them from Southwestern Michigan, were arrested in Dowagiac early Sunday on a charge of possessing marijuana.

State police of the Niles post made the arrests. Troopers identified the Michigan youths as: Patti Bailey, 17, of 105 West High street, Dowagiac; Louise Ellison, 18, and Donna Maier, 21, both of 2104 McOmber street, Dowagiac; James Doly, 26, route 4, Cassopolis; and Lawrence Penwell, 21, 78 East River road, Buchanan.

Three Indiana persons arrested were identified as David Fuller, 22, and Gregory Vogel, 20, both of South Bend; and Linda Thalheimer, 21, of Elkhart.

They were arrested at 4 a.m. Sunday, troopers said. All will be arraigned in Fourth District court in Cassopolis today.

Canadians Win Tennis, Golf

Berrien CANAMER Champ

By JOHN VANDEN HEED
and
ELDON PIONTEK
Staff Sports Writers

Overpowering Berrien county athletes collected top honors in five of the seven events in Twin Cities area competition over the weekend to romp off with their second straight CANAMER Games championship.

Area competitors repeated as winners in the basketball, track and field, swimming and kickball events and snatched the pistol and rifle title away from the Canadians, defending champions in that event.

It left Brant with just the tennis and golf honors, but the Canadians will undoubtedly be out to recoup their losses when Berrien youngsters travel to Brantford next summer for the third annual CANAMER Games.

Such well known area track names as Leroy Hunt of Benton

Harbor and John Sullivan and Mike Parrett of St. Joseph helped the Berrien thinclads to a thrilling 754-750 track and field triumph.

A famous St. Joseph pool name from 1969 — Frank Smith — played a key role in Berrien's 477-336 swimming victory. And the title in the CANAMER Games' other major sport — basketball — was determined Friday night with all-stars Denny Rusch of Berrien Springs and Ray Bowerman of Eau Claire contributing giant-sized shares to the championship.

Berrien county made a clean sweep of the basketball events when the midjet team downed Brant 37-22 Saturday. Neopole Redmond paced the winners with eight points while teammates Dave Adkins and Reggie Harris added six apiece. Bob Mackinnon led Brant scoring with six points and Fred Bel-

witz added five. In kickball Saturday, the Brant county midjet girls managed to down Berrien county 9-7. Brant, trailing 6-5 after three innings, fought back with two runs in both the fourth and fifth innings to record the win. Berrien had won the junior and senior division games on Friday night.

Brant county repeated as golf champions in the 1970 CANAMER games by defeating Berrien 56-44. Brant's 15 and under boys downed Berrien county 394-407 and the 15 and under girls whipped the Berrien county girls 444-472 to provide the winning margin. The 15-19 Berrien county boys were able to prevent Brant from sweeping all three divisions by recording a 344-355 win.

Pacing the 15-19 boys to victory were Jim Scott with a 81 and Larry Demkovich with 82. Darryl Allman had an 86 and Mike Croone a 88 for Brant. In the 15 and under boys division, Dave Adler paced Berrien county with an 88. Carl Kovach had a 90, Russ Wilson a 98 and Brant Dix a 100 for Brant.

Kathy Wiacek shot a 104 and Joan Wilson a 107 for Brant in the 15 and under girls category. Gail Faneuf had a 108 and Pat

Kinnavy a 114 for Berrien county. Berrien County was able to win three of the five events in pistol and rifle and outscore Brant county 111 to 89 to win the team trophy. Berrien won the police shooting, the 13 and under air rifle and the junior rifle events. Brant was able to win the adult rifle and adult pistol events.

George Stuck and Don Chinick paced Berrien to victory in the pistol and rifle events. Stuck completely dominated the police pistol category by winning the timed and rapid fire events and placing second in the slow fire to win the overall event with 285 points.

Chinick repeated the feat in the 13 and under air rifle division as he won both the sitting and standing positions and placed second in the prone position to win the overall event with 242 points.

Other Berrien marksman grabbing first places went to Jerry Wensloff, police pistol slow fire; Harry Strobech, civilian pistol slow fire; Tom Kibler, 13 and under air rifle prone position; Al Rosinski, adult rifle prone position; Nate Robinson, adult rifle kneeling position; Greg Vaughn, junior rifle prone position, and Jeff Issacs, junior rifle standing position.

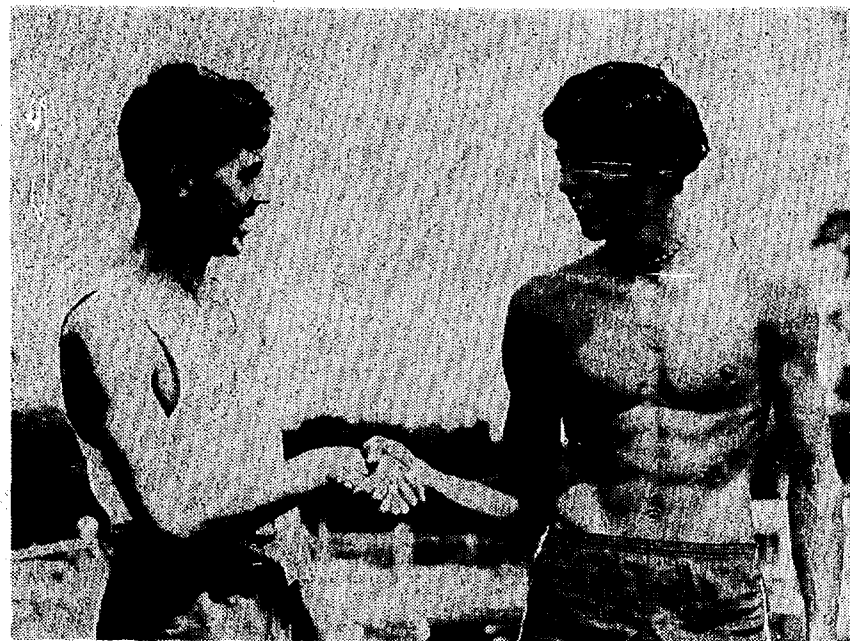

In tennis, Berrien made a rather poor showing in winning just four of the 19 matches on the schedule. Jerry Wilson and Mike Mace of Niles won singles matches in the intermediate division, and Wilson teamed with Miss Klein to win the mixed doubles title in the same class.

Berrien's other win was recorded by Mrs. Jack Sparks and Mrs. Collins in the 20 and over ladies doubles competition. In the junior division, the visiting Canadians won all the matches.

CANAMER Games activities for this year concluded Saturday night in the Benton Harbor high school gym with the presentation of medallions and trophies. Traveling trophies were awarded for the overall CANAMER championship and for individual sports. As the loser this year Brant athletes received the Friendship trophy.

Following the closing ceremonies, athletes enjoyed dancing and a talent show. The Berrien county visitors then departed for their return trip to Canada Sunday afternoon.

Calvin Wheeler was the Berrien county chairman of the CANAMER Games. Other executives for the United States team were Al Mainwaring, vice chairman; Kay Masini, secretary and publicity; Richard Helmrich, treasurer; Oliver Edwards, hospitality; Sammie Smith, housing; Fred Rellis and Robert Rumney, transportation; Larry Nielsen, publicity; Edward Woods Jr., awards; William Murray, pageantry; Leroy McFadden, track and field; John Cocuzza and Tom Flynn, swimming; Charles Murkey, basketball; Don Parks, golf; Nate Robinson, pistol and rifle; Edward Woods and Margaret Creshal, kickball; Herb Whitmore, tennis; Dorie Blair, wrestling, and Mrs. Lee Greer, special assignments.

ATHLETIC FRIENDSHIP: Berrien county's Mike Parrett (right) congratulates Brant county's Alex Kucharew for his excellent race in the three-mile event at the CANAMER Games track and field competition Saturday at Dickinson Stadium. Parrett was first in 16:00.3, and Kucharew finished second. (Staff photo)

Brant Bumped

Thinclads Sparked By Hunt, McKenzie

Leroy Hunt and Helen McKenzie led Berrien county thinclads to a thrilling CANAMER Games track and field championship by winning three events each Saturday at Dickinson Stadium.

Hunt won the 100-yard dash in 10.3 seconds, the 220-yard dash in 23.0 and the 440-yard dash in 52.9 while competing in the open men's division, while Miss McKenzie took honors in the 440-yard dash at 1:12.2 and the long jump at 14 feet, 1 inch and added a 220-yard triumph in the open girls' class.

Hunt ran on the Benton Harbor 880-yard relay team last spring which helped the Tigers earn the Class A state championship. Hunt's 880 relay team, which holds the all-time southwestern Michigan record of 1:28.1, was first in the state meet.

Brant also had a pair of triple winners with Julia Clarke in the midjet girls and Roxanne Gasharian in the juvenile girls, but the Canadians still trailed in the overall point standings by a thrilling 754-750 count. It did mark a great improvement over a year ago when the United States team had an overwhelming 835-704 advantage.

Berrien lost 14 points when first place high jumpers Ron Patterson and Packy Ryan were disqualified because they had competed in basketball Friday night. CANAMER rules state that an athlete may compete in just one sport.

Double winners for Berrien were Frank Atkinson in the

junvenile boys' 100 and 220-yard dashes, John Sullivan in juvenile boys' mile and two-mile, Charles Williams in the midjet boys' 100 and 220-yard dashes, Emanuel Norman in the bantam boys' long jump and 880-yard run, Rosetta Jones in the atom girls' 50 and 100-yard dashes, Roy Pitts in the atom boys' 50-yard dash and long jump and Peggy Reed in the juvenile girls' 100 and 220-yard dashes.

Sullivan, a St. Joseph high school runner who won the Big Six conference two-mile championship last summer and placed fifth in the state Class A two-mile run, won the mile Saturday in an impressive 4:33.1 and returned later to tick off a fine 9:49.3 in the two-mile.

His teammate on the Bear track squad last spring, Mike Parrett, entered the three-mile

in the open men's division and was clocked in a classy 16:00.3. Parrett, who is reportedly headed to Western Michigan this fall, holds the all-time southwestern Michigan records in the mile at 4:21.1 and the two-mile at 9:18.5.

Posting twin triumphs for Brant Saturday were Elida Shiry in the midjet girls' high and long jumps, David Armstrong in the atom boys' 220-yard dash and mile run, Janel Riley in the bantam girls' 100 and 220-yard dashes, Linda Chenoweth in the atom girls' 220-yard dash and high jump and Donna Churchill in the atom girls' 440-yard dash and mile run.

The Canadians were at their best in the midjet girls competition where they swept all six of the first places.

CANAMER Summaries On Page 15

CANADIAN ACE: Canadian Julia Clarke captured firsts in the 100, 220 and 440-yard dashes Saturday to spark Brant county to a sweep in the midjet girls division in CANAMER Games track and field competition. (Staff photo)

SMITH, DANAHER, BERNER TRIPLE WINNERS

Swimmers Dunk Canadians

Berrien County chalked up a swimming win in the 1970 CANAMER Games, 580 to 409. Pacing Berrien county to victory were three triple winners and four double winners. Frank Smith and Fred Danaher were able to grab three first apiece in the boys divisions and Lori Berner managed to do it for the girls.

Smith completely dominated the 15-19 boys division by taking first in the 200-yard Individual Medley, 100-yard freestyle and 100-yard breaststroke. In addition Smith, swam the backstroke for the medley relay team.

Smith, while a senior at St. Joseph high school in 1969, finished second in the state Class A 200-yard freestyle and third in the 100-yard freestyle.

Danaher was ever bit as spectacular in the 11-12 boys division. He placed first in the 200-yard individual medley, the 50-yard freestyle and the 50-yard breaststroke.

Miss Berner gave the Berrien county girls their only triple winner of the day by winning the 200-yard individual medley, the 50-yard freestyle and the 50-yard butterfly in the 11-12 year old division.

Pacing first in two events for the boys were Mike Borre and Mike Ryan, while Karen Kelly and Carol Cocuzza did it for the girls.

Borre captured first places among 9-10 boys in the 50-yard butterfly and 50-yard freestyle, while Ryan won the same two events in the 13-14 boys division.

Miss Cocuzza gave the 13-14 Berrien county girls their only double winner of the day by winning the 100-yard freestyle and the 100-yard breaststroke.

Miss Kelly proved to be outstanding in the 9-10 girls

division. She grabbed first places in both the 100-yard individual medley, and the 50-yard freestyle.

Maida Murray gave Brant county its only triple winner of the day. Miss Murray dominated the 15-19 year old girls division as she won the 100-yard butterfly, the 100-yard backstroke and the 200-yard individual medley.

Scott Hadley was able to capture first in two events for Brant in the 9-10 boys division. He placed first in both the 100-yard individual medley, and the 50-yard butterfly.

BH Little League Kings

By JAKE SHUBINSKI
Staff Sports Writer

St. Joseph Little Leaguers took their annual August beating at the hands of their counterparts from Benton Harbor Saturday afternoon at Benton Harbor's Union Park.

St. Joseph fans had little to cheer about in the annual classic that matches all-star teams in the 11 and 12-year-old age groups from the two leagues.

The Harbor's 11-year-olds have never lost to their friends from across the river as manager Jim Stockard's group scored a 20-5 victory for their 15th straight victory in the series.

The second game was closer but the results were the same

as the Harbor's 12-year-old team, managed by Ken Overley, scored a 9-3 win for their 15th verdict in 17 games.

Fielding was the key to the doubleheader sweep as the only error of the day by Benton Harbor was registered in the first game.

Meantime, the two St. Joseph teams made 16 errors, including nine for the 11-year-old team. The seven committed by the 12-year-olds made all of Benton Harbor's runs unearned.

Seventeen of the 29 runs scored by Benton Harbor came in two innings. The 11-year-olds sent 13 batters to the plate in the second inning of the opener and scored 10 runs.

Five of these runs were

scored before a ball was ever hit out of the infield. Three St. Joseph errors, a hit batter and a walked accounted for the first five runs, then Bruce Flowers' double scored two more.

The only time a St. Joseph team was in front all day was in this game when manager Larry Warmbein's team scored a run in the first inning on an infield single by Philip Smith, two stolen bases and an error.

The lead didn't last long, however, as Benton Harbor came back with a pair in the bottom of the first on a single by Bill Burrel and a double by Bill Gillespie.

Burrel, Harold House and Tony Cooper had two hits each in Benton Harbor's 13-hit at-

tack. Rick Haney and Terry Clark both hit triples.

Five of St. Joseph's six hits came in the third inning when the losers scored three times after two were out.

After a scoreless first inning, Benton Harbor's 12-year-olds hit manager Dave Koch's crew with a seven spot and it was all over. The key blows were triples by Mike Howard and Mike Coleman. Four errors, two walks and a wild pitch contributed to the spree.

Benton Harbor's nine hits in the nightcap were well divided with only Benny Bowers getting two. Neal Story hit a double.

St. Joseph collected seven hits with Steve Ahrens and Jeff Buller getting two each.

Maroons Kayo North Lincoln

PORTAGE —North Lincoln's bid for a repeat district Connie Mack championship ended here Saturday afternoon when the Kalamazoo Legion Maroons scored a 1-0 victory over manager Wes Knapp's team in the championship game.

The Maroons, who were beaten for the title last year by North Lincoln, went through the tournament without a defeat

and advance to the regional meet next Thursday, Friday and Saturday at Jackson.

Joining the Maroons will be pitcher Chris Knapp who was the losing pitcher in the title game despite fanning 15 batters. But his teammates' couldn't solve the pitching of Ron Schwenn who hurled a one-hitter. Mike Robach touched him for a fourth inning single.

The Maroons scored their only

run in the fourth when Schwenn singled, Bill Johnson was safe on an error on a bunt, then an intentional walk loaded the bases. The next batter was given an unintentional walk and that was the ball game.

Knapp limited the Maroons to five hits.

To reach the finals, North Lincoln had to beat Portage for the second time in an earlier

game. They did it by a 2-0 score on the four-hit pitching of Bill Kraklau, picked up from Water-villet for the tournament.

After Robach was safe on an error, Paul Wagner and Craig Kolberg singled to give North Lincoln its first run in the evening frame. Kolberg also accounted for a fourth inning run with a homer.

North Lincoln ends the season with an 11-6 record.

SWIM STAR: Former St. Joseph prep standout Frank Smith helped power Berrien county to the CANAMER Games swimming crown Saturday in the St. Joseph high school pool. Smith, who finished second in the state Class A 200-yard freestyle in 1969, placed first Saturday in the 200-yard individual medley, 100-yard freestyle and 100-yard breaststroke. He also swam backstroke on Berrien's winning medley relay squad. (Staff photo)

for the purpose of allowing all persons who may so desire an opportunity to present data, views and arguments relative to the following proposed amendments to Rules 408.701 (AACCS 1966), 408.702, 408.703 and 408.704 (AACCS 1967) of the Department of Labor.

408.701 — Records: It is proposed to amend the rule to provide that employers keep records for employees paid on a piece work basis.

408.702 — Deductions from minimum wage rate; meals, lodging and uniforms: It is proposed to amend the rule to permit deductions for meals, lodging and uniforms on the basis of a percentage of the prevailing minimum wage instead of the present basis of cents per hour.

408.703 — Deductions from minimum wage rate gratuities: It is proposed to amend the rule to permit deductions for gratuities on the basis of a maximum of 25 per cent of the prevailing minimum wage instead of on the present basis of a maximum of 20 cents per hour.

408.704 — Deductions from minimum wage rate; agricultural housing: No change is proposed to this rule which presently establishes a schedule of per hour deductions from the minimum wage for housing provided to agricultural workers.

The proposed effective date of the above amendments to these rules is the date of their filing with the Secretary of State.

Prior public hearings were held on the proposed amendments to Rules 408.711, 408.712 and 408.713 on Monday, August 3, 1970 in Grand Rapids, Michigan, and on Thursday, August 6, 1970 in Detroit, Michigan and on the proposed amendments to Rules 408.701, 408.702, 408.703 and 408.704 on Tuesday, August 4, 1970 in St. Joseph, Michigan and on Friday, August 7, 1970 in Manistee, Michigan. Any data, views and arguments submitted at the prior hearings will be a part of the record which will be considered in the adoption of any amendments to these rules. Persons who have submitted their views at the prior hearings may submit any additional data and argument desired at the hearings scheduled herein.

Copies of the proposed amended rules may be reviewed in advance of said hearing at the Department of Labor, Director's Office, Second Floor, 300 Michigan Avenue, Lansing, Michigan; or Department of Labor Building, Room 815, 7310 Woodward Avenue, Detroit, Michigan from 8:15 A.M. to 5:00 P.M. Monday through Friday. Copies of the proposed rule and proposed amendments may also be obtained by writing to either of the foregoing addresses.

Persons attending the hearings are requested to present a written presentation for submission at the hearing. The submission of a written statement will in no way prohibit or limit the right of oral expression at the hearing.

Persons unable to attend the public hearing may present data, views and arguments relative to the above proposed rule and proposed amendments of rules for consideration at the hearing by filing the same in writing with the Director of Labor by no later than the close of business of the day preceding the date of the hearing.
